## River Course

Designed by Tom Fazio, The River Course opened in 1995 as The Kiawah Island Club's first golf course. With its clubhouse nestled on an ancient bluff surrounded by large live oaks, The River Course sits with the Kiawah River to the north and Bass Pond to the southeast. For golfers, The River Course, provides a challenging and aesthetically pleasing 7,039-yard test. It boasts six holes that play along the river's edge, with the other fairways and greens playing along picturesque marsh savannas, ponds, and the Island's incomparable maritime forests.
